

The Newport Mercury

JOHN P. SANBORN,
272 Thames, Cor. Polham St.,
NEWPORT, R. I.

THE NEWPORT MERCURY was established in June, 1785, and is now in its one hundred and twenty-eighth year. It is the oldest newspaper in the United States, and has been published every day since its establishment, except on Sundays and holidays. It is a large quarto weekly, containing news, local and general, and is published at the rate of \$2.00 per annum in advance. Single copies are sold at 5 cents. Extra copies can always be obtained at the office of publication and at the various news stands in the city. Specimen copies sent free, and special terms given advertisers by addressing the publisher.

Local Matters.

The War College Opened.

The Naval War College on Coaster's Harbor Island has now become a fixed and established fact. The term of instruction at the Torpedo Station closed Thursday, and on Friday the term at the War College opened, making a continuous course of instruction. Secretary Whitney was unable to be present and the term was opened without any formalities whatever. The President of the college, Commodore S. B. Luce, delivered the introductory lecture. The corps of instructors of the institution are Commodore S. B. Luce, President, Capt. A. T. Mahan, Head of the Department of Naval Art and Science, Lieut. T. H. Bliss, Artillery U. S. A., Head of Military Art and Science, Prof. James Russell Soley, Department of International Law, Paymaster R. W. Allen, Professor of Naval and Military Law and Courts Martial, and Lieut. L. C. Logan, Aid to the President. Of the above Capt. Mahan and Paymaster Bliss were absent at the opening session yesterday, the former having just paid off the officers and men of the Wachusett at Mare Island, and the latter being sick. The following are the names of those who reported for instruction: Lieut. Commanders, R. B. Bradford, G. W. Pigman, G. H. Rockwell, and Geo. E. Tidd; Lieut. F. H. Dillano and J. J. Hunter. The course in Military Science and International Law will commence Monday and continue throughout the month, interspersed with lectures on Naval Science. Lectures will be delivered during the term by several distinguished civilians, some of whom did active service during the war. Among them are Hon. John C. Ropes, General Gordon and General Culbreth Burton. The two latter will speak of campaigns in the Civil war in which they were engaged.

At the close of this term the work of repairing and refurnishing the buildings of the war college will be continued. A new and extensive naval, military and law library will be headed, and the next term will open with a full corps of instructors prepared to give a more extended course than is now practicable. The city election which occurs on Wednesday next will probably be a hotly contested one in many respects. There will probably be two candidates for mayor in the field. His Honor Mayor Franklin, we presume, will be a candidate for re-election. Against him Colonel John Hare Povel has been placed in nomination by a large number of the citizens of Newport. Colonel Povel is backed by a large number of the leading Republicans and also by many Democrats. The aldermen nominated at the caucus Wednesday evening will probably be elected without serious opposition. The ticket as a whole is a good one and, if elected, we have no doubt but it will aid in giving the city a good government. There will probably be but one ticket for school committee as the men nominated Wednesday night, we men well qualified to fill the position. The electors in the various wards should see to it that good men are nominated for councilmen.

Thursday night the schooner yacht Nora from Boston, ran ashore on Bateman's Beach. The patrolman of the Life Saving Station at Price's Neck discovered the situation and reported at the Station. Captain Gould immediately got out his life boat and apparatus and started to the assistance of the yacht. In thirty-five minutes from the time the word was given at the Station, Capt. Gould with his crew had rowed to the place where the schooner went ashore. After a short time she was got off and brought round into the harbor.

The first anniversary of the birth of the Boston Evening Record occurred on Thursday and the phenomenal growth of the infant sheet was duly celebrated by the energetic managers with a grand banquet at the United States Hotel in that city Thursday evening. Mr. B. W. Pearson, the venerable Newport contributor to the success of the paper, participated in the celebration.

Ex-President Arthur has gone to Lenox.

The Aquidneck Fair.

There was a largely attended meeting of the Executive Committee of the Aquidneck Agricultural Society at the Fair house on Wednesday, at which time the arrangements for the coming fair were completed. It was voted to have bicyclo races two days, both three and five mile races, and on one day Mr. Edward Buffum will ride against the horse of Mr. Henry Bull, Jr. It was also voted to have the base ball league give a game of ball on each of the three days. The Newport Band was engaged for the three days.

Owing to the fact that the other fairs in the state are in session the same days as this fair, it was voted to make Thursday instead of Wednesday the day for the speaking, and to invite the Governor, Senators, and Representatives in Congress and others to be present on that day. The well being dug on the premises is now about completed, and other improvements are being made which will put the grounds in a first-class condition. Owing to the fact that the judges cannot be present on any other day, the awards in the poultry department will be made on Tuesday, the first day. It will therefore be necessary for all intending exhibitors in that department to have their poultry on the ground on Tuesday before 10 o'clock.

The ladies' department is in excellent hands, and the ladies generally are preparing to compete in this department. The ladies in charge of the women's department at the fair have appointed the following judges: In class 11, Miss Rachel Anthony, Middletown; Mrs. Edward Almy, Portsmouth; Mrs. Dr. Green, Portsmouth. In class 12, Mrs. Richard J. Barker, Tiverton; Miss Sarah I. Chase, Middletown; Mrs. Annie E. White and Mrs. John Ives, Newport. In class 13, Miss Sophie Mitchell, she to choose two assistants.

The Late Dr. Rice.

Dr. R. H. Rice, died suddenly at his residence on Firewell street, between 3 and 4 o'clock on Wednesday morning last. He was on the street the day previous, although his health had been feeble for a long time. Richard Henry Rice, was the son of Richard and Maria Rice, and was born in Portsmouth, N. H., September 22d, 1812. He learned the trade of a carpenter and stain-builder and first came to Newport in 1846, in the employ of Mr. Francis Wilbur, and put in the stairs in the David Sears, George Jones, and Edward King houses. During the religious revival in 1854, he was quite active and in April of that year he was presented with a Bible, by several of the young converts at the First Baptist church. Dr. Rice moved here with his family in 1855, since which his home has been in Newport. He has been twice married, and leaves a widow, and two sons by his former wife, Henry A. of Chicago, and Frank G. of Westbury. His funeral services will be held at the Second Baptist meeting house tomorrow, Sunday afternoon at the usual hours, for service.

Dr. Rice studied medicine in Boston under a distinguished German Homoeopathic physician and afterwards practiced in his native city, and in Boston, before removing to Newport. He was most fortunate in cases of diphtheria and the like, and was highly esteemed by his patients.

Augustus L. Chafee, who died of consumption in San Antonio, Texas, August 21st, was the youngest son of the late Nathan M. and Harriet C. Chafee of this city. He was formerly employed as book-keeper for the firm of Jewell Briggs & Sons, Jewellers, Providence, which place he left in February last on account of ill-health, hoping to recover his health in the milder climate of Texas, but all in vain.

The season now about closing has proved after all a very successful one for the merchants of Newport. There have been and still are a large number of people in Newport, and parties, balls, etc., have been numerous. On the whole the people of Newport have nothing to complain of.

An Italian organ-grinder, giving the name of Joseph Ramenay of Providence, while standing beside the track at the Tiverton station Wednesday was struck by the locomotive of the incoming Taunton special. He was brought to this city and taken to the hospital where an examination showed his injuries to be less serious than was at first supposed. His two boy companions were taken charge of by Mr. Rocco Barone.

Newport's yachting season may now be said to have ended. With the exception of one or two larger ones the harbor is entirely free from yachts, and these will undoubtedly go on to New York in time to witness the races between the Genesee and Puritan.

In the Mercury Window.

An engraving in memory of Commodore Oliver Hazard Perry, designed by Elizabeth C. Brinton and engraved by W. H. Bassett and A. Willard in 1820. Property of Mrs. Stephen A. Bates.

Programme at the Unveiling of the Perry Statue.

NEWPORT, R. I., September 2d, 1885. The undersigned, having been appointed by the Committee of the Perry Statue Association to act as Chief Marshal on the occasion of the procession at the unveiling ceremonies on September 10th, 1885, hereby assumes charge of the same.

JOHN HARE POWELL, Chief Marshal Perry Statue Parade.

NEWPORT, R. I., September 2nd, 1885. General Order No. 1. The Mercury.

JOHN T. SANDOZ, Editor and Proprietor.
SATURDAY, SEPTEMBER 5, 1885.

The New York Sun asserts that Cleveland is very unpopular with the democratic party of New York.

The first assistant postmaster general is credited with saying that the work of removing fourth-class postmasters has only begun.

The Massachusetts papers say that Ex-Mayor Prince of Boston is anxious for the Democratic nomination for the Governorship of Massachusetts.

The new Democratic Internal Revenue Collector in Connecticut, the notorious Troup, has invited the Republican office holders under him to resign.

The prohibitionists will hold a convention in Massachusetts on Sept. 10th, and the notorious St. John is expected to be present and address the meeting.

A new candidate for the governorship of New York is Judge Noah Davis. He is a good man and if we were in New York could vote for him with pleasure.

The steamer St. Paul, Ounalaska, which arrived at San Francisco Saturday night, had as part of her cargo 10,000 seal skins, valued at over \$1,000,000.

They are having a red hot railroad war down South. The fare on some of the trunk lines is cut down to almost nothing. The traveling public can stand it.

Police Lieutenant Michael Mullen, recently pardoned by President Cleveland, has been reinstated on the Cincinnati police force and assigned to his former position.

The friends of ex-Mayor Cooper, under the leadership of ex-Commissioner Thompson, are confident that he will be nominated for Governor by the Democrats of New York.

Mrs. Lillian Norton Gower has gone to France to see to the settlement of the property of her husband, Frederic Allen Gower, supposed to have been lost in the British Channel July 18.

Mr. Cox, the new minister of Turkey, is in clover. The sultan, in receiving our representative, did not content himself with kind words, but gave Mr. Cox a set of valuable Turkish jewelry.

The southern crops will be large this year. Cotton bids fair to exceed any previous harvest, and corn has greatly increased, the state of Georgia alone promising nine million bushels more than in 1884.

It is said to have been an axiom of Horace Greeley on farming that "in planting tobacco, the ends of cigars should be bitten off before smoking out." That was, however, before cigar cutters were known.

President Cleveland will return to duty next week. Then look out for the raid on Washington. Office-seekers by the millions have got their trunks packed for the journey. They are only waiting for His Excellency.

Dorshimer, the editor of the New York Daily Star, which is to resume publication next Monday, is going to build a villa at Newport. It is hoped that other editors will be able to afford to have watering place retreats.

Rev. Dr. Leonard of Ohio, having denied that he once drank toast dipped in ale, while sitting on a log, the New York Tribune expresses its willingness to let details pass, and suggests that the reverend doctor was sitting on a stump instead of a log, and drank the ale smothered in toast.

Rev. S. J. Carroll, formerly of this city, is editor of the Salt Lake Christian Advocate, a large eight-page, weekly, religious paper. The paper is handsomely printed, and a very readable sheet. Mr. Carroll is also a trustee of the Methodist Seminary in that city and pastor of the First Methodist Church.

Mr. William H. Carr of the Fifth Avenue Hotel, New York, sends us a handsome pamphlet containing the names of every guest at that hotel on the occasion of the obsequies of General Grant, August 8th. Rhode Island was well represented on that occasion. The Fifth Avenue Hotel was the headquarters of all the distinguished military and civil officers of the country.

General John A. Logan and his wife went out in a boat to have their pictures taken at the Thousand Islands Wednesday. They managed to upset the boat and tumbled into the water, and the photographer got a fine view of the crisis. The party were rescued with little trouble, and Mrs. Logan, who was frightened at first, speedily became composed upon being admonished by the general to keep cool.

The meanest man on record lives in Oakville, Can. His wife was ill and the doctor prescribed wine. As it was not easily found the doctor sent some from his private stores. The woman died. When the doctor's bill came in the broken-hearted widower lodged a complaint against the physician for selling liquor contrary to law. Still, let us be charitable. Perhaps he wouldn't have acted so had his wife lived.

The insurance companies are having a war with the legislature of New Hampshire. The said legislature passed a law which the companies do not like and now they propose to bulldoze the state by withdrawing from business there. It is said that thirty-four out of fifty-eight companies doing business there have given notice of withdrawal, and that policies amounting to ten million dollars will be cancelled by January 1st.

A Fatal Malady.

Intelligence from Clay Court House West Virginia says a strange disease has broken out, and is raging there with frightful effect among the inhabitants, who are rapidly becoming panic-stricken. The locality in which the outbreak occurred is in the region along the valley of Sycamore Creek, heretofore an exceptionally healthy part of the State. The Weekly Progress says, "Every hour brings the sad intelligence of more victims to the fatal scourge that is playing havoc with life in Sycamore. A score of those attacked have died in the greatest agony within a few hours after seizure. At first it was thought to be flu, but it is now believed to be another and more fatal malady. It is confined chiefly to children, who are attacked and die in a few hours, seemingly paralyzed with pain." These symptoms seem to indicate another outbreak of the malady which ravaged the western counties of Virginia, and some of the southwestern counties of this State; last summer, by which several hundred persons lost their lives.

The "valued insurance" policy bill which has stirred up the insurance companies doing business in New Hampshire, requires that in case of loss the company shall be compelled to pay the full amount of its policy and not what some arbitrator says the property can be replaced for. The law says that in any suit to recover insurance "the amount of damage shall be the amount expressed in the contract as the sum insured, and no evidence shall be admitted on trial as to the value of property insured or damaged."

There seems to be nothing but justice in this and if a similar law was enacted in this state it would do no harm. As it is, an agent insures a place for any sum asked, and the company collects its premiums annually on the full amount of the policy, but in case of loss then they contest the payment of the full amount and demand a board of arbitration, and very frequently the owner of the property insured gets only a small portion of the policy allowed him, notwithstanding he may have paid premiums for years on the full amount of the policy. The company should hold its agent responsible for any amount of over insurance, and he should be compelled to examine personally the property insured and then in case of loss the company should be compelled to pay the full amount of the insurance and not be allowed to crawl out on what some carpenter thinks the property can be replaced for.

The prospect for a vigorous fall and winter trade throughout the country are good and growing better every day. The dry goods trade in New York is said to be looking better than it has for years. The fashions from the West and South are larger than ever before and the wholesalers are looking and feeling very complacent over the result. With a good fall trade business of all kinds will soon improve and an era of prosperity will be started upon which will probably reach into every village and hamlet in the country. Let it come we are ready for it.

The examinations of the Torpedo class of 1885 have been made this week before a board composed of Commodore L. A. Kimberly, (president), Commander O. A. Batcheller and Lieut. Commander F. M. Barber. The class consisted of twenty officers. The examining board was received on Tuesday morning with a commensurate salute of eleven torpedoes, and an inspection of the grounds and buildings was first in order, followed by investigations on the work done in the term. Practical examples in the study of torpedoes were shown on Wednesday and Lieut. Speyers, robed in his diving suit, illustrated his methods of procedure in submarine work. In the evening the board was conveyed outside by the tug Triana from which successful experiments with the electric search light were witnessed. The examinations closed on Thursday with a thorough consideration of the subject of electricity and fuse, and the members separated for the various positions to which they are assigned.

A Growing Business.

The number of pieces of mail matter—letters, papers, etc.—collected and delivered by the Newport letter carriers during the month of August last was 263,572, an excess over the corresponding month of 1884 of 21,300 pieces, and over August 1883 of 37,010 pieces.

The woman's Christian Temperance Union of R. I. will hold their annual meeting at Westerly, Sept. 9-11. Miss Frances E. Willard and Mrs. Lucia Kimball, both of Illinois, will be present with other noted temperance workers. Newport, Middletown, Portsmouth and Jamestown will be represented by delegates. The citizens of Westerly have extended their hospitality to all interested in the work, and there being over forty unions in the State, a large gathering is anticipated.

There was a friendly trial of speed on Saturday afternoon between Henry Bull, Jr.'s bay mare Brunette, driven by Mr. Bull, and Edward Buffum on the bicycle. The course was from the corner of Kay street and Bellevue avenue around Bateman's Point to the corner of Spring and Sherman streets. Mr. Buffum was allowed five minutes and won the race by about 12 feet, covering the distance in 40 1/2 minutes.

The Grand Army excursion to Rocky Point Thursday, under the auspices of Chas. E. Lawton Post, proved a most successful affair. The members of the post went in uniform and were accompanied by the Newport Band. The weather was excellent and the boat well filled.

The French cooks' annual ball for the benefit of the Newport Hospital and the French Asylum in New York was given in Old Fellows' Hall Tuesday evening and was one of the largest attended and most successful ever given. The Newport orchestra furnished the music and Mr. Charles A. Gillen acted as prompter. The supper table, one of the handsomest and most tastefully arranged imaginable, showed the artistic skill of the best cooks in the country. Owing to the recent accident to his ankle, the French Minister was unable to be present in person, but sent his regrets and good wishes.

We understand that an error has been discovered in the figures of one of the enumerators of the census in this city, by which the population of Newport has been reduced 601 making our population now 10,433.

Mrs. H. J. McGlenen, of Boston, formerly Miss May Alice Vars of this city, is in town, the guest of her parents.

St. Joseph's Dedication.

The coming Sunday promises to be an exceedingly interesting one for St. Joseph Church. In this city. It is to witness the dedication of the church itself, and the confirmation of a large number of children and adults, nearly three hundred in all. As announced by the Pastor on last Sunday, three masses will be said, at 7, 8 and 10:30. At the close of the 8 o'clock service Bishop Hendricken will administer the Sacrament of Confirmation. The same Rt. Rev. Prelate will preach during the high mass and at the dedication service at 10:30. To even the casual observer there is evidently something unusual going on around this active church while the voice of the tireless pastor is heard night after night in the chapel where the preparatory retreat is being conducted, organ tuners, carpet layers, carpenters, painters, etc., sit noiselessly to and fro throughout the day, each performing his separate and distinctive functions. Under their touch St. Joseph's is being gradually transformed into a very imposing temple. The stations of the cross, in the chapel of the Sacred Heart, are the nearest the writer has yet seen, and are in thorough keeping with its tasty interior. Father Coyle and his people are to be congratulated on what they have accomplished, and every virtue-loving citizen must wish them God-speed.

Perry's Victory.

[This ancient song fifty years ago was familiar to the ears of every resident of Newport. It used frequently to be sung at the 10th of September celebration. It would be very appropriate to have it sung again at the unveiling of the Perry Statue, next Thursday.]

The tenth of September let us all remember, As long as the globe on its axis rolls round; Our laws and our lives on Lake Erie were seen For to make the proud flag of Great Britain come down.

The van of our fleet the British did meet, Commanded by Perry, the Lawrence bore down; The guns they did roar with such terrible power, That savages trembled at the dreadful sound.

The Lawrence sustained his most dreadful fire; Three muzzles of guns he sent into the air; While Perry undaunted stood by his side, And then the foe's heavy broad sides did ride.

Her bows and her yards being all shot away, Her keel on the deck to unmanage the wreck, And our hero on his long-continued day.

In this situation, the pride of our nation, Sure heaven had planned to defeat the whole; While many a brave man, maintaining his station, Fell close by his side, and was thrown on the pile.

But mark ye, a wonder, where elements thunder, And death with destruction was stalking all round; The flag he did carry on board the Niagara, Such valor on record was never yet found.

There is one great act of our noble commander, While writing my song I must not omit to praise; While launched in a smoke that carried his square, A ball whizzed through her, 'twas close by his side.

Says Perry, these villains intend to drown us, Push on, my brave boys, you need never fear; And then with his coat he plugg'd up the boat, And through sulphur and fire he did steer.

The famous Niagara was proud of her Perry, Displayed all his early loyalty; And every gun he fired for the brave warrior, Which soon put an end to this bloody affair; The roar of the fleet was brought up complete, And signal was given to break through the line.

From the board and larboard from every quarter, The tumps of Columbia did gloriously subside; The bold British lion now roar'd his last thunder, When Perry attacked him close in the rear, Two Columbian eagles soon made him crouch under.

And our hero, as soon as you shall hear: Oh had you been there, I vow and declare, That great night you had ne'er seen before; Six red bloody flags which no longer could wave, Were hoisted at the feet of our brave Commander.

Perry's valor must now be recorded, On board the Niagara he played his part; His gallant assistance to our ally, Will place him the second on Lake Erie's chart.

In the midst of the battle when guns they did rattle, The Lawrence a wreck and the men high all slain; Away he did steer and he brought up the rear, And by this maneuvering the victory was gained.

O had you but seen these noble commanders, Embracing each other with a hearty cheer; And viewing of three hydraulic staircases, That never had yielded to any before; Says Perry, brave Elliot come give me your hand, Not one single vessel from us got away; And prisoners some hundreds of Columbian wonder!

To see them all anchored and moored in our bay, May heaven still smile on the shades of these heroes Who fought in this conflict their country to save; Who showed the proud spirit of those British galleons Who wish to divide us, and make us all slaves; Columbian sling and make the woods ring, And coast those brave heroes by sea and by land; While Britons drink cherry, Columbian drink Perry, And toss it with a full glass in hand.

The French cooks' annual ball for the benefit of the Newport Hospital and the French Asylum in New York was given in Old Fellows' Hall Tuesday evening and was one of the largest attended and most successful ever given. The Newport orchestra furnished the music and Mr. Charles A. Gillen acted as prompter. The supper table, one of the handsomest and most tastefully arranged imaginable, showed the artistic skill of the best cooks in the country. Owing to the recent accident to his ankle, the French Minister was unable to be present in person, but sent his regrets and good wishes.

We understand that an error has been discovered in the figures of one of the enumerators of the census in this city, by which the population of Newport has been reduced 601 making our population now 10,433.

Mrs. H. J. McGlenen, of Boston, formerly Miss May Alice Vars of this city, is in town, the guest of her parents.

MOODY AT HOME.

The Great Evangelist Among the Green Hills of Northfield.

To the Editor of the Mercury:—The principal topic of conversation during the present week has been Moody at St. Sauveur, and the meetings held by them under the auspices of the Young Men's Christian Association of our city, and the following from the pen of a Northfield correspondent of the St. Louis Globe Democrat, may be of interest to your readers.

C. L. S.

In the religious history of the last half of our nineteenth century the name of Dwight L. Moody will have a place of its own. Up here among these green hills, which stand out against the sky, the name of this great evangelist is a household word. In the little village of Northfield, Mr. Moody's great personality has been felt upon every thing connected with the life of the community.

The Evangelist loves his native village and all its people, and to a unusual extent he has their love and reverence. One middle-aged man, who has known him since he was a boy, says: "I don't think I shall ever forget the day when I first saw him. He was then a young man, and he was so full of life and vigor, and he was so full of love for his people, that I shall never forget it."

The Evangelist loves his native village and all its people, and to a unusual extent he has their love and reverence. He was then a young man, and he was so full of life and vigor, and he was so full of love for his people, that I shall never forget it."

The Evangelist loves his native village and all its people, and to a unusual extent he has their love and reverence. One middle-aged man, who has known him since he was a boy, says: "I don't think I shall ever forget the day when I first saw him. He was then a young man, and he was so full of life and vigor, and he was so full of love for his people, that I shall never forget it."

The Evangelist loves his native village and all its people, and to a unusual extent he has their love and reverence. One middle-aged man, who has known him since he was a boy, says: "I don't think I shall ever forget the day when I first saw him. He was then a young man, and he was so full of life and vigor, and he was so full of love for his people, that I shall never forget it."

The Evangelist loves his native village and all its people, and to a unusual extent he has their love and reverence. One middle-aged man, who has known him since he was a boy, says: "I don't think I shall ever forget the day when I first saw him. He was then a young man, and he was so full of life and vigor, and he was so full of love for his people, that I shall never forget it."

The Truth as an answer to the Romish Catholic Advertising of the Royal Baking Powder Co.

We are analyzing all the Cream of Tartar used in the manufacture of Cleveland's Superior Baking Powder, and we hereby certify that it is practically chemically pure—testing as high as 94.65 per cent, and not less than 90.50 per cent.

From a hygienic point of view we regard Cleveland's Superior Baking Powder as the ideal baking powder, composed as it is of pure Grape Cream of Tartar and pure Bicarbonate of Soda.

STILLWELL & GLADDING, Chemists to the New York Produce Exchange, New York, Nov. 25, 1884.

Analyses heretofore made by noted chemists show the amount of Tartrate of Lime found by them in different samples of Royal Baking Powder as follows:

Per Cent. of Tartrate of Lime found in Royal Baking Powder.

W. M. HARRIS, F. C. S., 5.05
Chemist of the N. Y. State Agricultural Station.
PROF. JAMES F. BABCOCK, 4.52
State Assayer of Massachusetts.
STILLWELL & GLADDING, 5.00
Chemists to the New York Produce Exchange.

These analyses show that the Tartrate of Lime which the Royal Baking Powder Company condemns in its own advertisements has been found in its own baking powder.

Cleveland's Superior Baking Powder does not contain Ammonia, Alum, Lime, Potash or Bone Phosphates, and it is ABSOLUTELY FREE FROM ADULTERATIONS.

The World's Champion.
Mr. Edward Haulan, the great oarsman, and until his recent contest with Reich in Australia, the champion of the world, was certainly looked upon as an authority in everything affecting athletic sports. Before leaving Australia for this country, he wrote a letter in which he stated that he had used St. James' Oil with the most beneficial results. He found it a valuable remedy for muscular pains in the arms and limbs, and from his personal experience took great pleasure in recommending it. No stronger proof of the truth of what is said for St. James' Oil could be furnished than this, and it will undoubtedly carry great weight with all thoughtful and intelligent people.A good cause makes a stout heart and a strong arm.
Beware of imitations, unproved cures and specious, and spurious preparations. See only Hunt's (Kidney and Liver) Remedy.Twenty of soul is worse than that of fortune.
Hunt's (Kidney and Liver) Remedy has been used over thirty years, and saved thousands from lingering disease and death.We all praise contentment. But how few of us practice it.
Experience Taught Me.
And my money paid for it, 27er last year. Liver Complaint, your cents, and depending upon the merits and doctors who didn't help me, I tried Sulphur Bitters. Six bottles cured me. I shall always use them.—G. N. Butler, Cohoes, N. Y.

Often one may learn more from a man's errors than from his virtues.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the tampering of low test adulterations. Sold only in cans. ROYAL BAKING POWDER CO., 100 Wall Street, N. Y.

CARTER'S LITTLE LIVER PILLS.

CURE SICK HEADACHE.

Headache, you Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured one headache, you would be sure to get them.

Aches they would heal most precious to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find them little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

New Advertisements.

Greene the Hatter.

On September 1st, I shall place my

Fall Goods

before the public, and never before have I shown such a variety of fine goods. Having had the largest sale for hats this summer, I am convinced that my offers to satisfy the demands for first quality.

Hats and Furnishing Goods

has met the approval of my patrons. My Fall line consists of
YOUNG Style (the best of all),
DUNLAP, KNOX and JESLEY'S
BLOCKS,

together with all the desirable shapes in the market. As I handle fine goods almost exclusively, I make no huffalabout about selling goods less than manufacturers, but I will say this, that my three dollar and three dollar and a half line of goods are those that are retailed for three-fifty and four dollars in New York, Boston and Providence.

For \$2.00 HATS I shall use the same quality and make that I have successfully sold for two seasons, and I will

guarantee every Hat to be as good as can be produced to sell for two dollars.

FALL LINE OF SAMPLES

Custom Made

Clothing

are now ready for inspection, and we cheerfully refer to any customers of the Spring and Summer, for the satisfaction the clothing has afforded them, both in style and price.
